## Keeping you safe at our conservation areas

Keeping you safe at our conservation areas

OTTAWA - We know that outdoor spaces matter right now more than ever: your mental and physical health depend on them. That's why we are proud to keep our 11 conservation areas and 42 km of trails open for you during this time.

When visiting our sites, your safety and the safety of others is our top priority. Please remember:

- Stay 2 metres from others, and wear a mask when that's not possible
- Follow all directional signs on trails (many are now one-way loops)
- No more than 25 people in gathering areas like parking lots, trailheads, viewing areas and toboggan hills
- Mask required when congregating in areas like parking lots, trailheads, viewing areas and toboggan hills
- If the park looks busy, be prepared to come back another time
- Stay on the trails and park only in designated areas
- Dogs must be on leash at all times
- Ice conditions are not monitored and may be unsafe
- Parking fees apply in some parks. Annual passes are also available at [paybyphone.com](https://paybyphone.com) (code 5222)
- All conservation areas close at dusk.

Thank you for your continued commitment to keeping our community safe and healthy.

Stay safe and happy trails!
